- Building Performance Institute

- Envelope Professional

- Building Performance Institute Whole

- House Air Leakage Controller

GreenFIT Homes is a HomeAdvisor Top Rated Insulation Contractor and an

Angie's List Super Service Award Winner & Insulation Contractor in Grand Rapids.

Our Company

Founded in 1978, we have served the residents of Greater Grand Rapids area with quality home improvement services for over 30 years, and are proud to say that we have been under the same ownership since our inception.

We provide professional insulation, siding, and window installation services anywhere in the West Michigan area.

Our Philosophy

We make sure that our customer's needs are met. We take great pride in being heavy into the "mechanics" or "how to" of a particular task and are always striving to improve our own processes.

As a client, you are our first priority.

Skilled in Everything Insulation

Your home is made up of many components; roofing, insulation, flooring, siding, and foundation, just to name a few. Often times, your roof affects your insulation or siding, and vice versa. Our years of experience have taught us to understand and identify how each individual component of your home affects another.

Over the years, many area contractors have relied on our expertise. Be assured that as a client, you have chosen a contractor that is skilled in multiple trades, not just one.

Authorized Nu-Wool Dealer

At Ver Wys Home Improvement, we are a certified Nu-Wool Dealer.

2018 Governors Energy Excellence Award winner of Contractor of the Year

When we started "West Michigan Glass Block" over 34 years ago, we set out with the mission to provide top of the line glass block window and wall sales and installation. Today as WMGB Home Improvement we have built on our knowledge and experience. We are now installing windows of all kinds including replacement windows, basement egress windows and of course, glass block windows as well as entry doors and patio doors. In addition, we provide outstanding full-service Home Energy Improvements with a theme of beauty, safety, and decreased energy usage.

We use a holistic approach to energy savings utilizing our companies BPI certified energy auditors with over 45 years combined experience. We have performed over 5000 audits which helps our customers find the right solution for their budget and needs.

We are proud of our reputation for exemplary customer satisfaction. We have an A+ rating from the Better Business Bureau. Nearly a 5 Star rating with (225) Google reviews. We are an Angie's List Super Service Award winner.

Our Professional Credentials and Qualifications include:

- Licensed Builders
- Performing 99% of our own work rather than subcontracting
- EPA Lead-Safe Certified Firm and installers
- Members in good standing with The Grand Rapids Home Builders Association
- BPI Certified Auditors
- Average of over 4.8 stars rating with nearly (500) reviews overall, including Angie's List, Google, BBB, Yelp, Houzz and more.
- Using only the best and most trusted brands and manufacturers in the industry.
- Governors Energy Excellence Award "Contractor of the Year". Responsible for saving an estimated 114,450 therms of natural gas and 55,000 kWh, and counting, of energy per year in Holland alone
