

# WESTSIDE NEIGHBORHOOD

.....  
WE WANT YOU TO LIVE HERE  
.....

As Holland grew southward, it followed the coast of Lake Macatawa and became home to some of Michigan's most amazing homes. But that's not what makes this neighborhood so attractive to newcomers. This neighborhood is quiet, polite and full of busy families on the go. With streets made for biking, miles of sidewalks and paths to explore, this is the perfect location for people who love to be outdoors in their own neighborhood. Jog, walk, or head to one of the Westside's diners, cafés, or restaurants. You will love it here.

## WHY THE WESTSIDE?

THIS NEIGHBORHOOD IS GREAT FOR THOSE WHO LOVE TO BE OUTDOORS.

A DIVERSE AREA FEATURING NEW DEVELOPMENTS, WATERFRONT HOMES, SUBDIVISIONS, CONDOS, AND EVEN APARTMENTS.

LARGE YARDS ARE PERFECT FOR YOUNG FAMILIES STARTING OUT.

POCKETS OF SPECIALTY STORES INCLUDE EVERYTHING FROM FRESH FLOWERS TO LOCKSMITHS.

### Montello Park.

Following WWII, the housing boom hit this Westside neighborhood and helped to suburbanize Holland. These homes, typically small ranches, often help young couples get their start or are great places to downsize as empty-nesters. Want to be close to the water? This neighborhood is a stone-throw away from Lake Macatawa.

### Central Park.

This water front neighborhood has everything from waterfront mansions, executive subdivisions, summer cottages and modest single-family houses, and all call the Central Park neighborhood home.

### Cobblestone.

This new residential community of townhouses and single-family homes is situated on the southwest side of Holland. With its neo traditional/historical designs, covered front porches and beautifully landscaped homes, Cobblestone has a warm neighborhood feel from yesteryear. It's narrow streets and oversized sidewalks readily encourage strolls to visit or make new friends. Plus, there's a pool for those hot summer days!

### In-Town Convenience.

This neighborhood is home to variety of dining and retail options. Here you will find stores and restaurants including everything from a European style flower market and local locksmith to a gem and jewelry store. This neighborhood is home to several great dining options including Margarita's, Jackie's Place, the Way Cup Cafe, and The Parkway Restaurant, all popular locally-owned neighborhood joints. In addition to the restaurants, Westside is home to Central Park Market, a full service grocery store, which features artisan cheeses, organic produce and hormone and antibiotic free meats.

### Healthy Living.

With bike/running paths everywhere, Lakeview Park and Lugers Park with basketball courts, baseball, softball, soccer, tennis, playground and an ice rink, you can have a relaxing, healthy and active lifestyle year-round.

### DeGraaf Nature Center.

This little gem in the city features eighteen acres of woodlands, marshes, ponds, nature trails plus classes and summer programs for kids and adults.
