INSTRUCTIONS FOR PATIENT:

Bring this form with you.

Picture IDENTIFICATION is required.

DRUG TEST - If you are required to give a urine specimen for a drug test as a part of a physical examination **DO NOT URINATE** just before arriving.

ALCOHOL TEST - Avoid eating, drinking, belching or putting anything in your mouth 15 minutes before the test.

TB SKIN TEST - Notify the Spectrum Health Occupational Health staff before the test if you have ever had a positive skin test. If you receive a TB skin test, you **MUST RETURN** to the Spectrum Health Occupational Health location after 48 hours but before 72 hours to have this test read.

AUDIOMETRY - OSHA requires that persons receiving audiometric testing should not be exposed to loud noise, without hearing protection, for a least 14 hours before an audiometric test is performed.

BLOOD TESTS - Verify with your employer, prospective employer or with a Spectrum Health Occupational Health location whether fasting is required before having blood drawn for laboratory analysis.

PULMONARY FUNCTION TESTING - **DO NOT** eat a heavy meal, smoke or use an inhaler up to an hour before a pulmonary function test is performed.

Children are not allowed in the clinical area due to the procedures being performed.

If you bring a child, they may be required to wait in the waiting room the entire time (this is up to the provider).

All visits with a doctor REQUIRE an appointment. Scheduling an appointment for other services is highly recommended and will shorten your wait time.
